North Country Landscapes

Providing quality crafted landscapes for over 15 years!

- *Professional design services featuring a full time designer/ consultant. We offer scaled plans, digital designs & on-site layout. We take the time to help you plan!*
- *Quality construction of hardscape elements such as retaining walls, patios, engineered segmental walls and more! Specializing in natural stone construction!*
- *We provide only the highest quality of plant materials available to the industry…fresh from northern & local growers.*
- *Site work- including machine work, drainage & finish grading.*
- *We have professional trade associations with excavators, surveyors, engineers & builders. We refer only the best & most qualified!*
